

ASHMOUNT NEWSLETTER

Ashmount Primary School

Tuesday 30th October 2018

Dear Parents and Carers,

On Friday I published our newsletter and included information that Islington Council is planning to introduce a School Street Scheme to improve air quality around Ashmount Primary School and create a safer, more pleasant environment for everyone. This will apply to Hornsey Rise Gardens and it is a scheme, alongside our work with UCL, around monitoring air pollution around school that we are happy to support. The Council would like to hear your thoughts on the proposal so please see the attached documents which explains the proposal and respond online, or return your completed questionnaires to a drop box by the office.

This week there will be someone from the local authority at school to gain your views — **they will be in the Upper playground this morning and in the lower playground on Friday morning**, we will also have a **coffee morning at 9:00 a.m. on Friday in the small hall** for anyone who would like to discuss the council proposal.

As the council consultation documents arrived late with us at the end of half term and some classes only received the consultation document yesterday it has been agreed to extend the deadline for consultation until **Sunday 11th November**.

Best wishes, Anthony Carmel (Headteacher)
